The document content includes a paragraph about Amazon.com and a list of bullet points under the heading "What we do?".

## About Amazon

Amazon.com, online retailer, manufacturer of electronic book readers, and Web services provider that became the iconic example of electronic commerce. Its headquarters are in Seattle, Washington. Amazon.com is a vast Internet-based enterprise that sells books, music, movies, housewares, electronics, toys, and many other goods, either directly or as the middleman between other retailers and Amazon.com's millions of customers. Its Web services business includes renting data storage and computing resources, so-called "cloud computing," over the Internet. Its considerable online presence is such that, in 2012, 1 percent of all Internet traffic in North America traveled in and out of Amazon.com data centres.

### What we do?

- We work every day to earn and keep customers' trust. We do this through convenient services and the thousands of small and medium businesses that add significantly to our product selection.
- From Alexa and Echo, Fire TV, Fire Tablets, and more, customers are using devices and services to make their daily lives easier and more enjoyable.
